

Finally, a no-nonsense, how-to book on hunting coyotes. Hot off the press.....

Coyote Wars: A Deer Hunter's Guide to Hunting Coyotes

\$21.95

by David Willette

142 Pages!

“Northwoods Sporting Journal columnist and prize-winning outdoor writer David Willette has assembled a thorough, useful and enjoyable manual about hunting coyotes. Coyote Wars: A Deer Hunter's Guide to Hunting Coyotes is one of those overdue, utilitarian books that fills a publishing void, and does so with style and purpose. For any experienced or aspiring hunter of the Northeast's exploding coyote populations, this is a must-have book and a solid value.”

- V. Paul Reynolds, Editor, Northwoods Sporting Journal

“Whether you are interested in baiting, calling, dogging or just hunting coyotes incidentally to other hunting pursuits, this book will put you on the right track.”

- Gerry Lavigne, Maine Wildlife Biologist
