Salesman Angler

Maine's favorite fishing writer, Bob Leeman, proudly presents his biggest, boldest and best book: "Salesman Angler." A collection of heartfelt memories from the journal of a die-hard angler who spent his life on the road...but fished every chance he got.

"In my estimation, when it comes to angling passion and sheer fishing knowledge, Bob Leeman has no peer. His new book, Salesman Angler, is a worthy reflection of Leeman the man, and Leeman the angler. It is a unique, wonderful read - a fascinating literary salad that is part memoir, part novel, and part razor-sharp, unabashed nostalgia."

*-V. Paul Reynolds, Editor
Northwoods Sporting Journal*
